

*Danny and Chesnee*

## We Are Danny and Chesnee -

We are praying for you as we can imagine the thought and courage it must take to entrust your child with another family. Although we do not know each other, it has been our prayer that God would place us on a single path together and that He would bring peace to your heart as you make this decision. It is difficult for us to think that the joy we would receive will cause you pain. However, the fact that you have chosen adoption for your child shows your loving spirit.

Adoption is something that God has placed in our hearts to do. We felt God leading us toward adoption individually even before we were married.

# - Our Lives Together -

We met at church and got to know each other more while attending the same Bible Study group in 2003. We were friends for about 6 months before we began dating. We dated for 2 years before getting married.

I had been away for a week at a church youth camp. Before I returned, Danny had gone to ask my parents for their blessing. When I came home, Danny had a picnic set up in my living room and brought in our favorite food, Chick-fil-A. He had prepared a culmination of home movies and childhood pictures of me and at the end the question appeared, "Will you marry me?". Of course I said "Yes". It was July 2, 2005 and afterwards, we walked outside to watch the 4th of July fireworks that were being fired in town.

Our wedding was beautiful and took place in the church where I have worked for the last 13 years. The ceremony was performed by my pastor and we were surrounded by our family and friends. It was one of the most special days of our lives and we cherish it.

As a couple we most enjoy traveling to new places on our time off and at the same time, we love to be at home spending time together.

## Chesnee -

I admire Chesnee's unique sense of humor and ability to light a room up just by walking in. I also admire her natural ability to influence and lead in every situation. I admire her way of never ever leaving out any detail, no matter how small they might be.

Chesnee always shows a great ability to influence and be a leader, and is a GREAT teacher. She has an Early Childhood Education degree and has great patience with kids no matter what the situation.

Chesnee was a children's pastor up until August, 2011. Her role changed to Administrative Pastor at our church where she oversees many of the ministries in our church.

## Danny -

I admire Danny's warm and compassionate heart. He cares deeply for people and is very giving. He is an outgoing and fun-loving guy that everyone enjoys being around and most of all he makes me laugh. He is also a talented singer and helps to lead worship at church.

Danny has a special gift with children. They love him very much. He is playful and his interaction is natural with his nieces and nephews. In our children's ministry at church, the kids flock to him and love Mr. Danny. He has personally baptized many of them because they request him to be a part of their special day.

Danny is a manager for PPG Industries.

## - Our Family and Friends -

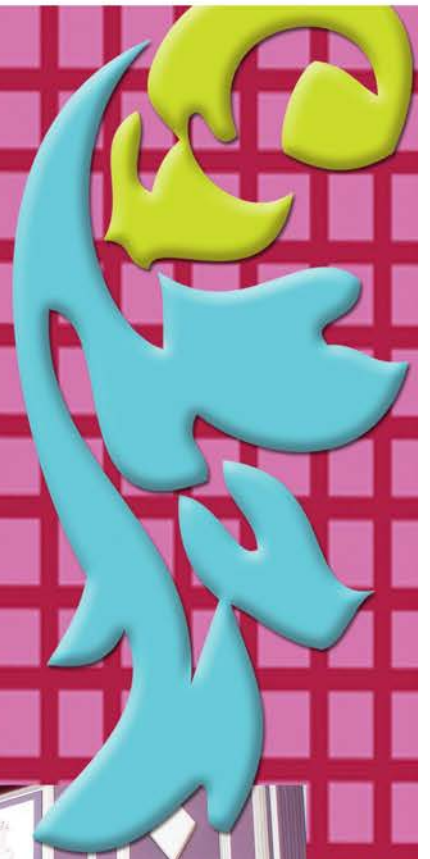

We are close to our extended family. Mine and Danny's family are not local to us but we see them at least monthly as most of them live less than 2 hours away. Danny's mother and grandmother live together. He has a brother and a sister and 9 nieces and nephews. It is quite a party when we celebrate birthdays or events. I have a smaller family with only one sister. My sister and brother in law pastor a church and have 2 children. My parents and grandparents live next to one another. We are all very close.

Every holiday is special on my side of the family. We make special efforts even with out of town family to remember holidays and get cards for everything from Valentine's Day to Easter. Thanksgiving is usually spent with my family. We watch football and enjoy heavenly meals.

Our Christmas holiday traditions are focused around family and God. We spend Christmas Eve in church together. We then spend time with Danny's mother, grandmother, and sister. Later on Christmas Day, we travel to my parent's for a week's vacation to be together. It is such a fun time with grandparents and visiting with my sister who lives out of state. We enjoy watching movies together and playing with the kid's toys. The guys have a great time watching football and spending time with my father and grandfather.

## *Our Home and Community*

We live in a brick home with 3 bedrooms in a small neighborhood. We have a playground and pavilion in our neighborhood where families can spend time together.

We live in a great community with the town square less than a mile away. It has the small town feel but is less than 20 minutes from the city. There are many activities for us to participate.

## Our Future

We desire to have a family and to continue to follow God's plan for us. Family is the most important thing after our relationship with God. We like stability in our lives. Danny was raised in this area and I have lived here since graduating college. We plan to raise our child according to our Christian faith. It is our first priority. We will provide our child with a loving, supportive, and secure family. He or she will always be valued and cherished.

We value education and our desire is to send our child to private school. We have 3 very prestigious schools in our county. Two are within 10 minutes of our home. We will also give our child the opportunity to attend college and to choose whatever career he/she wishes to pursue.

Thank you for taking the time to get to know us. You are in our thoughts and prayers.

*God Bless You,  
Danny and Chesnee*
