

*Nevin & Naomi*

**HOME IS WHERE  
THE  IS**

# Our Lives Together

We met when we were teenagers when Naomi's family moved to Nevin's town. After several years, we began a close friendship and were married when we were twenty-three. The ceremony was a sweet time we shared with friends and family – now we've been married 18 years!

For several years we served as missionaries in Haiti through our church. That experience broadened our horizons and created an interest in other cultures. We parented a Haitian girl while we were there. Now she is married and has children of her own and we love visiting them every so often in Haiti.

We are so thankful for the two wonderful children God has given us though the gift of adoption! We are eagerly anticipating the addition of another precious little one to our family circle! Thank you for taking this time to get to know our family. We hope you feel the love we have for each other and the love we have to share with your child after reading this. It's very important to us that your child always know about you and your selfless love for them.

# My Husband, Nevin

Nevin is easy going, generous, and always a gentleman. He is a man of vision and faith and loves his family passionately. Our relationship began as a friendship and that continues to be an integral part of our marriage. I love being with him whether it's working side by side in the garden or singing the children to sleep. Nevin is a hard worker and provides well for our family. He is a produce farmer and also does poultry processing. Because we own and operate our own farm, Nevin is available constantly to our children. He is an amazing father. He loves to read the children stories and includes them in whatever he is doing. He even helps me with the cooking and baking!

# *My Wife, Naomi*

I appreciate my wife on so many levels! She has strong character and has always been my caring companion. Naomi has a warm and tender heart for children and enjoys making our home warm and inviting. Naomi is devoted to our children and does not work outside of our home. Parenting our children with her has been one of the most fulfilling things we have done together. She loves caring for our children, cooking amazing and nutritious meals for our family, and creating scrapbooks of all of the memories we create together.

## Our Children

We have been blessed to adopt our two children, Charity Rose and Timothy Ray.

Charity Rose is eight years old and full of life. Charity Rose loves to read and play with her dolly. She is very social and easily makes friends. She also loves to help her mother in the kitchen cooking and baking. Charity spends a lot of time outside picking flowers, climbing trees, and playing with the kittens.

Timothy Ray is five years old and loves doing anything outdoors. He especially loves riding his bike and being his father's right hand man helping him around the farm. Timothy Ray is energetic and has a sunny disposition.

As a family we love spending time outdoors hiking, sledding and going on picnics. We also enjoy visiting friends, making fun desserts in the kitchen, and putting puzzles together. The benefit of running a family business on the farm is that we have so much time to spend together as a family. The children often help with little chores like helping to pick berries (although not all of the berries make it to the basket!) Both Charity Rose and Timothy Ray are thrilled at the thought of adding another sibling to the family!

# OUR HOUSE

is a very, very, very fine house

Home can be a heaven on  
Earth

When we are filled with love,  
Bringing happiness and joy,  
Rich blessings from above.  
Warm and kindness, charity,  
Safety and security—  
Making home a part of heaven,  
Where we want to be.

—Carolyn Hamilton Klopfer

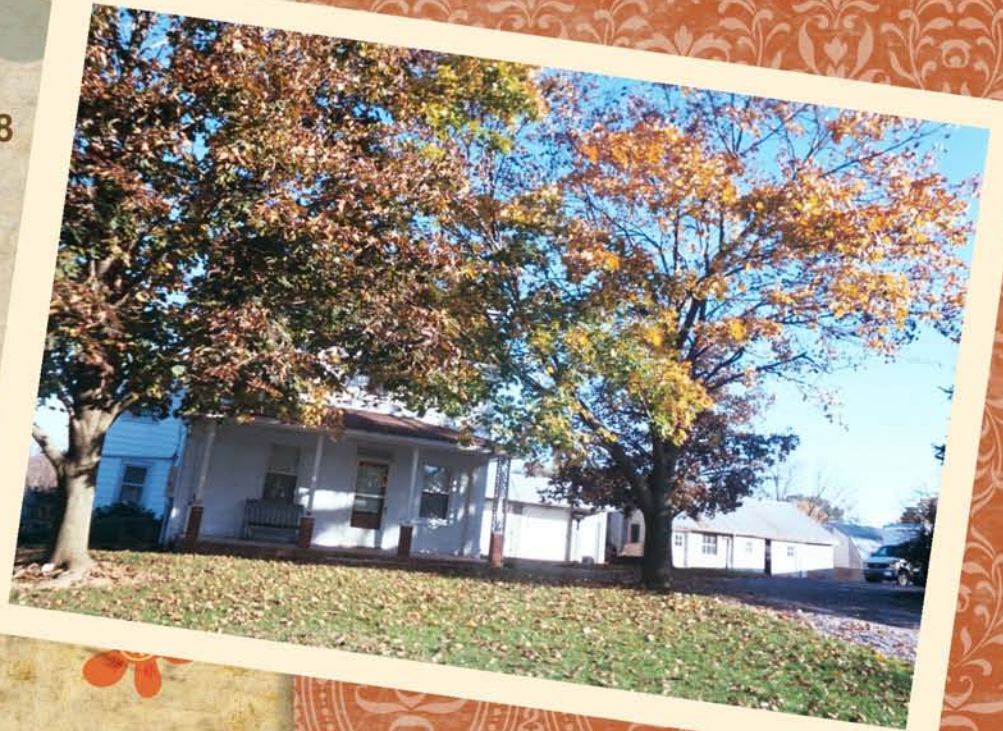

# Our Home & Community

We live in the country on a thirteen acre farm that we own and operate. We own a two-story farm house with four bedrooms and plenty of room for our family. On our farm we have an orchard and a large garden with fruits and vegetables, chickens, hogs, and lambs. We enjoy working together on our farm, finding pleasure in the simple things of life.

We are Christians and live in a community where adoption is embraced and celebrated.

We have large extended families with Nevin having 8 siblings and Naomi having 4. This makes for 43 cousins, four of them adopted!

# Welcome HOME

# Our Future

Our desire for our children is to have a carefree, happy childhood and become stable, well-adjusted adults with a strong faith. We want to give our children much love and guidance and will support them as they develop their unique personality and talents. Your baby will have the opportunities of the love of extended family, good education, and whatever it takes to be successful in life.

We would like to thank you for taking the time to get to know our family. Should you choose us to provide for your child, we would be honored and extremely happy. Your child would be a precious gift that would be cherished and treasured for the rest of our lives!
