

Wesley & Jennifer

Hi,

We are Wesley and Jennifer. We are so grateful you have chosen to look at our profile and consider us as possible adoptive parents. Even though we have not met you yet, we have a great amount of respect and admiration for you. We feel your decision to give your child life and then to bless another family with your child may be one of the most loving, selfless, and amazing things a person can do for someone else. We can only imagine how difficult and overwhelming making an adoption plan for your baby must be. As a mother and father ourselves, we are certain that you love your child unconditionally and that you only want the best for her. We know that this may be the biggest and hardest decision you may ever have to make. We want you to know that if you choose us, we look forward to supporting you any way we can in this difficult and emotional journey. We hope by looking at our photos and reading about our lives you will find comfort in knowing how much we want to share our lives with your child. We pray that God will guide your heart as you seek His direction for you and your child.

Just The Two of Us

The snow left us a beautiful Winter Wonderland to enjoy and Jasmine loved it!

We were married on a plantation in Charleston with our closest friends and family.

We dressed up for a formal dinner on a cruise.

A jungle adventure let us meet some fun feather friends.

Swimming with the dolphins in Jamaica was an amazing experience.

The Coast of NC holds a special place in our hearts.

We spent treasured time together on our honeymoon on Grand Cayman.

Day trips to Stone Mountain are fun for us and the kids.

My Wife, Jennifer

My life was forever changed when I struck up a conversation with a caring, funny and naturally beautiful girl standing in line with me. Somehow, I knew then that the moment was meaningful. As fate would have it, I saw her again a few days later and I knew I couldn't let her slip away again. I think I was in love by the end of our first date due to her wholesome personality, sweet disposition and innocent smile.

Fast forward a few years and she became an adventurous yet responsible wife. We regularly attended gatherings with friends and family and spent most every weekend at the beach on our boat fishing off the coast. She convinced me to get our SCUBA certification and to regularly attend a gym. I hadn't realized how much she was capable of.

Fast forward a few more years to the present and she is a deeply loving and dedicated mother with seemingly endless patience. She has put her career aside to stay home with our children and does everything she can for their education and health. She fully supports me in my career, and we serve together in our church in the praise band and teaching 1st grade Sunday School. I truly love my wife, and I feel like the luckiest man on earth because God chose me to be the one that crossed her path that morning years ago.

A night at the circus for mommy and her boys.

Stomping grapes at a festival was a fun new experience.

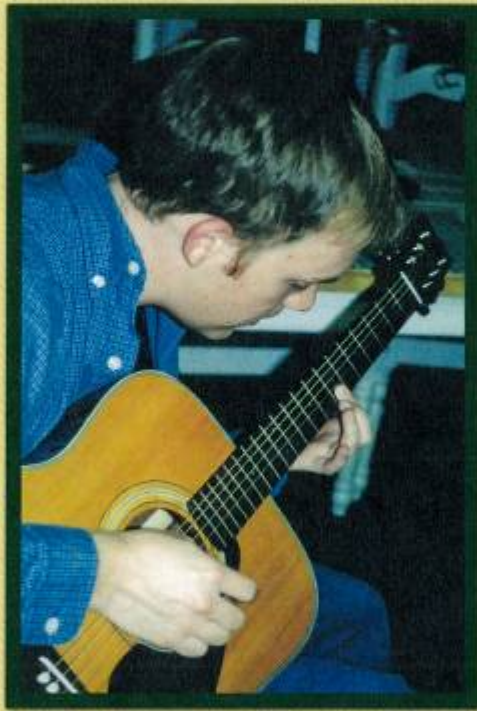

Enjoying a day at the coast.

My Husband, Wesley

Wesley is an amazing husband and father and it is such a blessing to have him in my life. He is so smart and talented and I love to watch how God uses him in our family and in our Church. He is in a Christian band that plays for the youth and young adults of our church and he has such a passion for these young people. Wesley is fun and adventurous and we have made so many wonderful memories together. He has written me songs, and melted my heart over and over again.

The boys light up the minute daddy comes home. Games of chase and tickling are a regular occurrence in the evenings and our weekends are full of family activities, usually outdoors. Wesley is a great provider for our family, and he is showing our children what a Christian father, and a Christian family, should be.

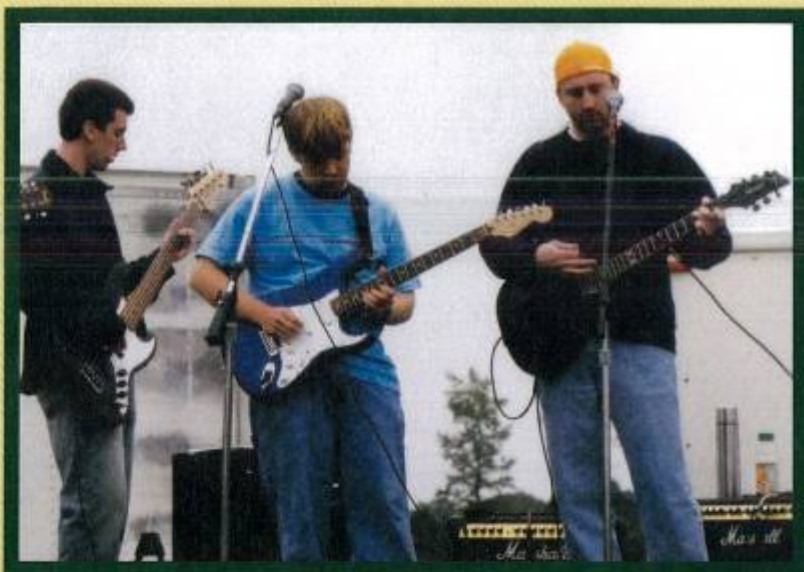

Wesley is an amazing guitar player and I will never get tired of the beautiful music he makes.

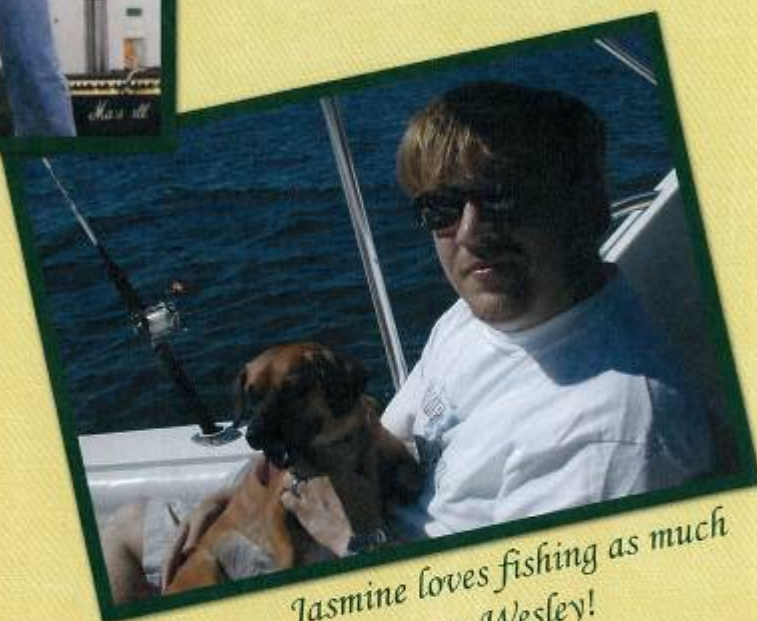

Jackson loves going on thrill rides and Daddy loves taking him!

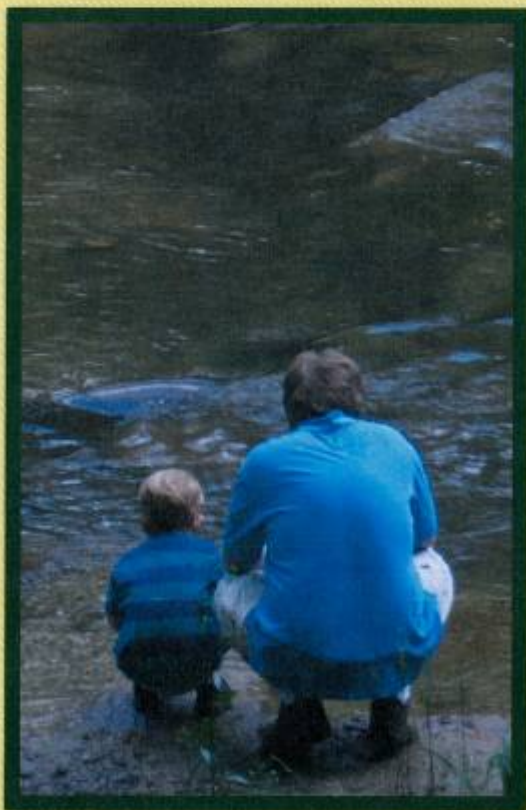

Scuba diving is an adventure Wesley and I began to enjoy while we lived in North Carolina.

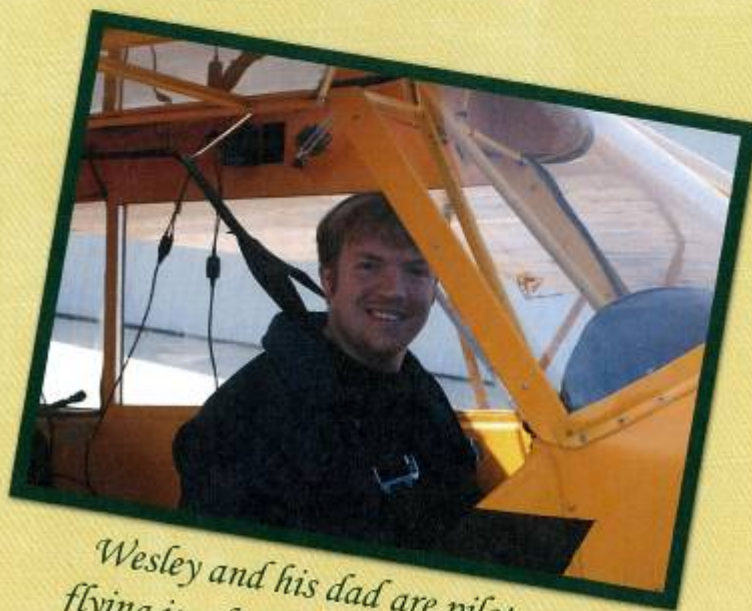

Wesley loves to jam on the guitar with the guys.

Jasmine loves fishing as much as Wesley!

Wesley and his dad are pilots and flying is a hobby they enjoy together.

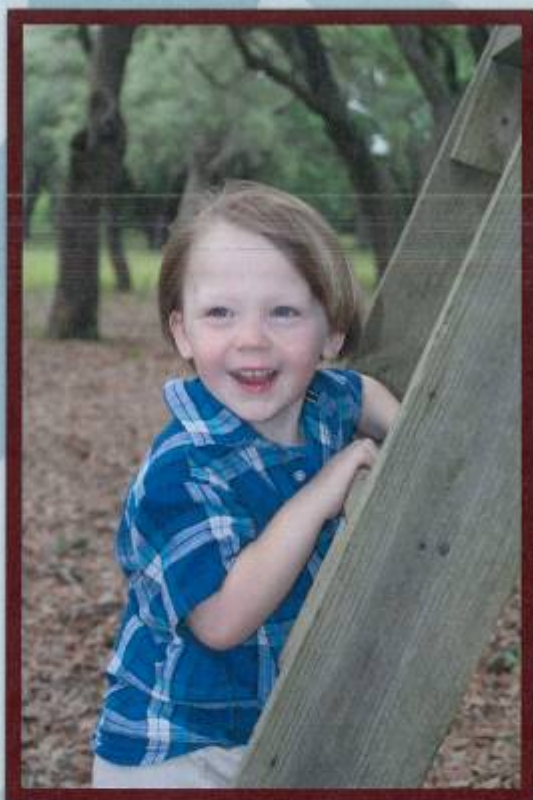

About Jackson

Jackson is an adventurous little boy that can bring a smile to anybody's face. He loves to sing and has a beautiful voice. He is so smart and reads stories to his little borthor and asks us all of the time how long it will be until he has a baby sister. He is so full of energy and loves to play soccer and ride bikes and be outside whenever he can!

About Austin

Austin is one of the sweetest little boys you could ever meet. He loves to cuddle and give hugs and kisses. He plays t-ball and spends time with his daddy and brother walking in the woods and being explorers. Austin plays so well with his little girl cousins and will be a great big brother to a little sister of his own.

Our Home

*We have a Playroom
beside the family room
where kids and adults
can spend hours playing
together.*

*This is our backyard

for one of the boys. We
have plenty of room to
run and play behind the
house.*

The Nursery

The nursery is inspired by Tinkerbell. The walls are two shades of lavender with hints of green around the room. The armoire and closet are filling up with clothes and other necessities as we prepare for a new baby girl in our home.
